

PRODUCTS AND SERVICES

We provide a comprehensive range of equipment and services made available through our:

- Manufacturing
- Distribution
- Maintenance
- Importing
- Installation
- Repairs

Products Include:

- Air Operated Diaphragm Pumps
- Booster Pumpsets
- Borehole Pumps
- Centrifugal pumps (all types)
- Coalescing Plate Separators
- Constant Pressure Systems
- Control Panels
- Diesel Engines
- Diesel Pumpsets
- Dosing Pumps
- Electric Motors
- End Suction Pumps
- Filtration Systems
- Fire Pumpsets
- Floating Suctions
- Float Switches
- Flow Meters
- Flow Switches
- Foot Valves
- Gear Pumps
- Grease Arrestors
- Grey Water Re-cycling System
- Helical Rotor Pumps
- Hydrant Pumpsets
- In-Line Pumps
- Irrigation Pumpsets
- Level Control
- Lobe Pumps
- Mechanical Seals
- Mixers
- Multistage Pumps
- Oil-water Separators
- Peristaltic Pumps
- PH Correction Equipment
- Pulsation Dampeners
- Pumpwells
- Rainwater Re-Use Systems
- Sewerage Pumping Stations
- SPEL Gravity Separators
- Split Case Pumps
- Sprinkler Pumpsets
- Storage Tanks – above & below ground
- Stormwater Pumping Stations
- Stormwater Treatment/Control
- Submersible Pumps and Motors
- Tanks – Pressure
- Trade Waste Pumping Stations
- Transfer Pumps
- Turbine Pumps
- Ultra-Violet Disinfection
- Undersink Sullage/Pumping Chambers
- Valves
- Waste Water Treatment
- Water Recycling System
